“ One of the funniest memories I have with Dorothy was about an old rooster. We have had the rooster for a long time it was mean I want to take anyone that came close to it. JO said he would take the old rooster so we gave it to them and somehow or another Metal rooster got hit by a truck or car can't remember which. Dorothy said well I'll cook that bird and not let it go to waste. She broiled it then boiled it and finally pressure cooked it. I remember her laughing and saying that bird wasn't worth eating Or the time.

I would love to of been there to be with the family but my health will not allow it. Dorothy was a wonderful mother and friend. Sending my love to all the family.  
Sincerely Bonita Willis

“ Sometime in the 70's ( just guessing) our church (CoGoP) had a roller skating party and Sister Dorothy came, with her hair, in a ponytail, looking like a teenager! When she starting skating it was like she was on air and then she skated backwards....I had no idea!! She was a precious lady....my thoughts and prayers to family and friends

“ She had such a sweet spirit and she had a very great sense of humor. Always seemed happy and friendly with everyone!!! I know she will be greatly missed!!!! But she will be with her husband who really had a quick and clever way of expressing himself. My Daddy just loved talking to him.

“ I am so very sorry for the loss of your mother. When I was young, she taught me how to make apple butter. Her house smelled so good, and I remember that day vividly. She was so patient.
