“ Sue was a beautiful person and me and her went way back from sequoyah high school and we share a lot of time together in school and even after we left school we still ran into each other and had great time together laughing and dancing and I was so glad I went to visit her before she left this world and I am happy that she got her life right with the Lord and now she is no longer in pain and is set free from all the hurting and rejoicing with other love ones and she will be missed by many that love her
