“ *We loved to have Aunt Bertha visit our home . All of our children loved her. She was a very special Aunt. I spent many hours doing crochet with her. She & Ken would talk for hours about old times. We loved her very much and will miss her.*

“ *I always loved to watch her load all those tiny stitches up on her needle as she hand quilted her quilts. Never could figure out how she could do that. She was a special lady although she could be very stubborn but I guess that's what made her Aunt BerthiE with and E.*
