My sisters and I always regard Aunt Better Joe as a special favorite. She always welcomed us with a smile and a laughing " Hello, goals"as we invaded her office next door. We adored her, and I never recall her being anything other than welcoming and laughing at our antics. She'll always have a special place in my heart, and I know all three of my sisters feel the same way. She was a special person and mother to a special family.

“ I am so sorry to hear of Aunt Betty’s passing. This came to my attention during a family emergency. But I want all of you to know that you are all in my heart with the sad loss of this lovely woman.

My earliest memories of Aunt Betty were of her working in the office of the Iron and Metal company back before it was called that. She always smiled so brightly and had great stories to tell. She made easy conversation with whoever walked in the door and was a delight to be around. I will never forget her bright red lipstick and nails, beautiful hair, and sparkling eyes. Her smile lit up the room. She allowed us to hang out with her, as little kids, and never seemed to mind our examining her stapler or paper clips, asking questions, and generally exploring everything. Often Grannie Brace would visit the office and ask Aunt Betty to give her her daily vitamin B shot, and Betty always smiled and did it.

Aunt Betty Joe has now gone on to join Uncle Ott. They will both live on in my memory as two great people who make a huge impression on a little kid who loved them and looked up to them.

I am sorry so many little ones as well as grown grandchildren have lost their beloved Grandma Fiffy Faffy. The memories she created will go on and on, enriching the lives of all who knew and loved her.
