“ *We said our final goodbye yesterday to my precious sister, traveling companion, sympathizer, joy sharer, prayer partner and friend. My intellect knows she is far better off today than she was last week, but my heart can't seem to get the message. I already miss her so much, but she gives me more reason to want to serve the Lord faithfully until the end when we will be together again with our Daddy, Mother and others who have preceded us. I love you, Betty.
