“ Brandon, you were one of the best brothers a girl could ask for. There isn't a day that goes by that I don't think of you. I think about your laugh, the way you'd dance , the way your eyes lit up while talking about music, the way you always made me laugh when I was feeling down. I have so many memories with you thst I'll forever cherish. You are missed dearly by so many people. You hold a piece of my heart that no other will ever have. A part of me died with you on that rainy night. You're at peace now baby brother, may you be forever young!

“ *Brandon you will be truly missed you were so special to the people that were blessed to have known you. Especially adults with special needs that you took care of and took to your home for the holidays when no one would and how you never judge them and treated them with respect, that takes a special person with a special heart and I'm forever grateful for knowing you. It broke my heart when I heard the news but I hold on the memories when we worked together and month ago when we spoke and hugged you are at peace now my friend until we see each other again. Never forgotten, Love Buffy*
