“ *Ohhhhh my dearest friend Sis where do I begin...I will forever remember every single adventure we had together. Ty for sharing your family w me and caring for mine. I've known you and Sally since y'all were 2 and I was 7. From attending your birthday parties to being old enough to have our own grown up parties. Our country road adventures, our talks on the porch in between houses and the back porch. Living in the homes and life in general will never be the same. I'm only sorry I didn't get to say goodbye but I know how u felt about that so until we meet again... see you later my friend. I love you back!!!*

“ When you would make me study my spelling words, writing them & rewriting them, over & over, then a quiz to make sure I got a 100 percent on my spelling test so I would, "Stop being in trouble all the time Cam." Mischief. I luv it.
