“ *This is Joe Lisko. David and I were best friends in high school. Unfortunately after that we both went our separate ways and lost touch with each other. I have thought of David often over the years and wondered what he was up to. I still have many fond memories of all the crazy things we did together while at good old OHS. RIP my dear friend David.*

“ With sadness I read of my childhood friend David’s passing. We shared growing-up time as neighbors on north Alabama Street, one block north of Wilson Grade School as well as traversing Okmulgee Middle and High Schools together. These were the days of red brick paved streets covered by a canopy of elm trees, walking to school, knowing all of one’s neighbors and never locking the house door. I appreciated the opportunity to reconnect with David later in our lives when he reached out after returning to Okmulgee. We both enjoyed the chance to catch-up on what we’d been up to the past 40+ years.

Condolences to David’s family and special friends alike. I love you man!

“ David was my Best friend and will miss him tremendously! We met at OSU Tech (OSU-IT) and have been great friends ever since. After we graduated from OSU Tech, we traveled to Dallas several times, beating the pavement in search for a job/career. We amazingly were both hired by the same company in Allen Texas as PCB Designers. We moved to Texas (along with David's cat "Waldo") to start our careers and new life. We made many great and mostly humorous memories, stories and adventures. David and I were not always close geographically but remained great friends for over 40 years. David was definitely an electric and eccentric person but was one (in David's words) A Mountain of a dude and friend! 29 years ago David handed me a petition to join Freemasonry which has made me a better man. David always ended our conversations with "I love Ya Man!". Rest In Peace Brother Dave! I will miss you forever! Love Ya Brother!
