“ *Ester will be missed by all of us at Boys Ranch that got to spend some time with her in the last few years, Ester touched the boys at Bridwell and Edwards home with her love of fishing and desire to share her knowledge (and her bait with the boys). I remember her waking up early and sitting on the front porch watching a brand new day begin. I will miss those greetings on the porch, but I'm glad that we got to share some time together and will always remember her smile when she hooked a fish, but even more the expression of satisfaction she had when some of the bait she shared with a boy helped him catch a fish. To all the family we say thanks for sharing her with us and we pray that God fill you with his peace and comfort.
