After retirement he was contacted by General Motors to do contract training for 7 years in facilities in the U.S. and overseas, as well as build Allen's Automotive Service with his oldest son, Randy.

Everett loved to travel, especially to the mountains during the summer. He also enjoyed gardening, fishing, and hunting, especially the annual pheasant

hunting trip. Everett stayed busy with projects around the house, and always loved to watch OU Sooners on TV.

“ If only twenty five percent of our world could be half as knowledgeable and driven as Mr. Everett Allen. To stop and imagine the amount of vehicles that kept running smoothly as a direct influence of Mr. Allen in him educating technicians around the globe. He and his wife raised some very solid and knowledgeable sons that can carry on the Allen's legacy.... I extend my deepest of sympathy for the Allen family's loss ... sincerely Seth Kellogg
