Frances was a friend, a good friend. I admired two of her greatest qualities: a strong will and 'down to earth' personality. My sincere sympathy to Nick and family.

“ I remember Frances from High School when she was Secretary and also from Town and Z Country Christian Church. She was Always the sweetest. A few years ago, I saw her and it had been years since I last saw her, she said, “Well, Lori, you turned out to be such a pretty thing!” Lol! She was an honest woman.

“ I remember Mrs. Nick as a unique person that inspired me to become the person I am, to achieve beyond my dreams, to be like her, compassionate, empathetic, responsible, ambitious and a leader. I cannot think of anyone outside of family that was so motivating to do what was required in those days. I will never understand how she did it, how she motivated so many of us. I was kind of jealous because I thought it was just me, but she shared herself with all of us and that made her special, so much love.

Jerry, I have suffered this loss of Mom, it never goes away, but I found out her love never goes away. So, carry on as she would have you to do and be great as she would insist. Give Dad a hug and tell him thanks for sharing his wonderful wife with all of us.

“ Saddened to hear of Francis passing. Francis was a phenomenal woman. She was a joy to be around. Strong in her beliefs and you could count on her word. She and Bob were my insurance agents who helped me navigate through the process. My kids loved going by the office because they always had something for them. I know she will be missed dearly. Prayers for the family.

“ *I was one if those kids in Okmulgee Middle School back in the mid 70s. Mrs Nick was always friendly and always knew me by name.. which I thought was pretty awesome since she didn't teach any of my classes and I wasn't in trouble. In fact, she may have been the only non relative to show any interest in me at that age.well any interest that i felt was positive. Later, over the decades, she would always greet me as one of her kids from Middle School. Even when I was nearly 50 years old. She would announce to the room I was one of her kids from school. She was always a positive force in the community and always helpful. I am so lucky to have known her*
