“ I have so many fond memories of Patty I could write a book. Patty and I did so much together from fishing for bass to drinking coffee and talking for hours nonstop. Patty loved crappie fishing from breaking ice to sitting on a creek bank. She loved the outdoors and planting a garden and flowers. We even got snowed in one year and had so much fun just hanging out at my house. She loved her family and grand babies sooo much. Patty was always cutting up the kids. She will be missed by everyone that knew her. R.I.P. Patty not saying goodbye, but saying will see you again one day. Prayers for the family for comfortable and peace for the days ahead! 🙏🙏💔💔💔

Patty was a very special friend. I met her in 9th grade. I came from a very small school into Sand Springs junior high in 1960 and Patty was the first friend I made in Sand Springs. She had the most infectious laugh. When I think of her, I can hear her laughing. We remained friends after graduating in 1964 and even after we were married. Patty and I were in a small art club together for a while. I knew she was so gifted even in school. She often sat close to the blackboard and would sneak a drawing in occasionally...usually a cute cartoon character. I was so proud of Patty's determination after her stroke. That girl was so focused on returning to her art. How many of us can say we've had art work at Philbrook Museum?! I've missed her the past few years and miss her now. But I have very cherished memories of our times together. Sharon Burchfield Bruner
