“ My husband was diagnosed of Parkinsons disease 2 years ago, when he was 49. He had a stooped posture, tremors, right arm does not move and also a pulsating feeling in his body. He was placed on Senemet for 8 months and then Sifrol was introduced and replaced the Senemet, during this time span he was also diagnosed with dementia. He started having hallucinations, lost touch with reality. Suspecting it was the medication I took him off the Siferol (with the doctor’s knowledge) and started him on PD-5 natural herbal formula we ordered from AKNNI HERBAL CENTRE, his symptoms totally declined over a 3 weeks use of the AKANNI HERBAL Parkinsons disease natural herbal formula. He is now almost 51 and doing very well, the disease is totally reversed! (Visit w w w.aknniherbscentre .com)

“ My sincere sympathy to the family for their loss, and especially to my dear friend Maxine. I still have a picture in my mind of your smiling happy face, more than fifty years ago, as you told me Jake had asked you for a first date. You were blessed with a good husband, father and grandfather -- just as he was blessed with a devoted good wife.
