“ Alot of people don't know the meaning of being a true friend...you did. Thank you for being a true friend to both Eddie and myself and for always believing in us. You allowed me into your life and for that I will always be grateful. I had the best time sitting at your table playing our many games and neither of us wanting to quit when we lost! We could talk about anything and it never failed that I walked away having learned something from our conversation, regardless of what it may have been about. I miss you already and can hear you telling me to stop feeling sorry for myself! My heart and prayers are with your family....I love you and will forever miss you my friend...Until we meet again.
