“ *Oh, so sorry to hear this. Jody was one of my classmates and I think about her often even tho' we'd lost touch over the years. Would love to have had a 'sit down' with her one last time and laugh and talk about all the funny things she and Rita used to do and say. I'll never forget the 'report' about the 'tribe' she and Rita gave in Ok. History. Of course it was made up, but no one knew it until they started their chant. Ha Safe journey my friend!!*

“ Jody when we were younger and childhood friends through our school years we had our fun, laughter, good times, secrets, forever friends, we never thought we would go our separate ways. But life had other plans. In our Golden years we never forgot each other and how much our youthful bond of cherished times would forever be engraved on our hearts. So honored to call you my forever friend. I will see you again!

“ My way of accepting this loss of a cousin and a friend is to know Jody, and my sister Ginny, are together again. Then to complete this trio Jody and Ginny are with my Missy. Missy loved both her aunts so much and I'm SURE they are celebrating each other. Those left behind will miss Jody, but our memories of her will help us through this. I can just see the three of them hugging and laughing, yes having a beer. I love you Jody.
