So many good memories 🥹

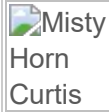

I remember when I was 12 years old and he let me drive that Honda motorcycle he had. Of course he had to be on with me. He had to be my legs. He lived across the street from us in Preston. We lived right by papa and grandma. I remember him saying I scared him with my driving. Then I got one last ride on this bike this year. And he paid me back. Boy did scare the fire outta me. Love and miss you so much Doug. You was like a dad to all mom's kids.. even though you are our cousin.. you was always great to us. I'll always remember the good time. And gross times, like how you fed ur dogs the raw bloody meat. Rest easy kinfolk.

“ I don't where to begin... It all started 38 years ago when i walked into a party and saw you sitting there. You was being your crazy self and yelling so loud. I looked at my best friend and said right then, I'm going to marry that guy one day. From that moment on we had a whirlwind of a life together. When we was young and still living with each of our parents and it was long distance back then to call you and every month I would get in so much trouble when the phone bill came..lol.. I had my bedroom wallpapered in your senior pictures that i had blown up into posters. I was so crazy in love with you. We shared lots of memories and good and bad times together, but I will and have always cherished that time in my life with you. You was my first true love. You gave me a beautiful daughter and because of that our beautiful gramddaughters. I will always carry a special place for you in my heart.. Fly high with the Angels .. RIP... You will be missed....Love Always

“ One time Doug took his motorcycle apart. I asked what happened to his bike. He told me he took it apart, because when he got on it, he usually got in trouble. If he didn't have it he'd not have trouble. He was a good guy. Sorry he's gone.

“ Well, I've known Doug most of my life. Denise and I were in first grade together at Natura School and that's where I met him and Tracy too.

I remember a bunch of us went to float down the Illinois River and we had planned it so even though it was raining we still went. Doug was in one canoe and Sammy and I were in another. He and whoever was riding with him, I can't remember, maybe Jerry, but they turned over and he swam over and jumped in our canoe and turned us over too! We were already wet anyway from all the rain but we were laughing so hard we almost drowned. He could always make me laugh and my heart aches for his family. You will be remembered Douglas!

“ So many memories over 45 years, but the one that stands out to me the most was what he did for my family after Frankie was killed. For 2 day's Doug walked up and down Old 75 in the fields and road side looking for things that had flown out of the vehicle. When he though he had found everything he brought it to my grandmother's house in a plastic bag with tears in his eyes wishing he could have done more found more.

Never knowing what that simple act of kindness meant to us and means to us today. He was a childhood staple in our home and has always been part of our family. He would walk in the house & yell "mom I'm home" as my mother just rolled her eyes and laughed. He's the brother of my heart and I loved him and will miss him always.
