“ *I am so sad and literally devastated to hear about Michael's passing. He was the kindest man. Since we lived close to each other, we became friends, with Michael and Kathy. God bless the entire family and you will always be in my prayers*

Thanks Robin. My dad would have loved that you took time to write such a sweet note in remembrance of him. I appreciate you too for it.

“ *My deepest condolences to the Starks family. Michael always took the time to say hello and share a story. In a busy world, where people are mostly worried about getting to the next task, his ability to sit a spell and share a smile was a rare quality. Praying an encampment of angels to surround your family.*
Sincerely,

“ *I remember meeting Michael Starks in 2000 when I started working for the current company that I'm working in now. He would talk to me about Football(NFL/NCAA) and he would tell his likes and/of dislike about any certain player. He was always dedicated on the job as a accountant. When I heard the news, I was devastated.*

Hi Rob,

It means so much that you would leave a note about my dad. He would've been so touched that you thought enough to write a little something of him. My dad will be missed, but I'm so glad to know he'll be alive in your's and all of our memories. Love from me to you for caring.

“ *I remember that I was complaining to Michael about a neighbor and he said to me "we serve a God that see's all" - which today still comforts me when I get upset over nothing. God Bless you all.*
