“ I will definitely miss my uncle Ken.
I have special memories and funny memories
of my uncle.
I will cherish the many gifts he gave me. He
made a clock out of wood with a bird's feather
and Indian nickles, and a peace pipe made out of deer horns we
had, just to name a few. My uncle was very talented in art, baking
and cooking.
May you rest in eternal peace uncle Ken.
Love you ❤️❤️😭😭

“ ken and i were married 39 years and had 3 beautiful children. He taught them many life skills. He was an awesome cook, excellent baker, a mechanic working on his blue Chevy and making things while in his garage.

Many good memories of him playing games with the kids. One time, the kids were playing store and he came into the room with a mask on and held them up and took all their money and canned goods. I will cherish all good memories of him.

“ I have many many wonderful memories with my uncle ken. One of the more fonder ones is how he loved being in the kitchen! He taught me many things about cooking and baking. Uncle Ken also showed me how toto make roses with icing for cakes 🌹

Also remember how Uncle Ken used to tell me that the most important thing I needed to remember as a young mother, was to value my family and never let anything or anyone get in the way of our happiness. At the time I was very young, and I didn't understand it but now, I've been through some things that make those words very clear to me.

I love you Uncle Ken! 💙

I would like to send my condolences to all of the family members of Kenneth Davis...

I would love to hear from any of Ken's sisters That remain. I hadn't realized that Billie had passed It's going to be quite honest and open the reason I am looking to reconnect with Kenneth's sisters or any family that's looking to reconnect. I don't know however else to say this, but... I knew Billie and Raymond, Because Billie was my biological auntie and Raymond was my biological cousin. I just am looking to reconnect if anyone is willing. I'm just sorry to find out that the two people I was looking for have passed. This may not be the way to do this but I don't how else to reach anyone so this is it for now.

I can be reached on Facebook through the search tool under the name Nazhbin Davis. I'm looking to reconnect and maybe get a chance to get to know each other.

Again, I send my condolences to the family and my apologies if this is just not the right place or time, but there was no other way for me to find Kenneth or to locate Billie or Raymond.

“ Thinking of the fun memories of my dad is bringing laughter and tears. He taught us numerous life essentials to depend on ourselves which also included defending ourselves physically. He would sometimes act silly and dance and sing in the house like Elvis (he had that Elvis hairstyle), go on family outings to the mall, arcade place downtown, swimming at the lake, amusement park, and even one time going to a reggae festival. He really loved music and we learned to appreciate all genres of music and loved making leather goods, woodwork, and even restoring an old Chevy he had. All the good memories of him, I cherish and will always cherish. Love you Dad <3

“ The Best memories of my Dad is teaching me how to ride a bike, swimming at the Lake, going to the PowWow's and rodeo's. I appreciate all the life skills he shared & telling me, “You have to be able to depend on & support yourself when no one else can do it” aka mental toughness these days. His words have served me well & I pass that onto my sons. Thank you Dad ☐ ☐Marcy
