“ *I miss the car trips and the time we spent together. Even though I didn't get to visit as often as I had wanted, I always enjoyed the time I got to spend with you. I wish Axel could have met you. I love you aunt Lara.*

“ *Our time on this Earth is short, but I was not ready for you to go. Too many conversations left unspoken, not enough I love you's shared. We were close as children, as you were my first playmate and friend. You made your way in life, and I am proud of the woman you became. I will always love and miss you little sister.*

Although we never met, I'm sure she was a lovely person as I know Went would only choose such a person to share his life with.

“ I remember going to the hospital with Daddy to pick you and Moma up. I was only 10 but I looked older so they let me up on the floor. You were so little and had a ton of jet black hair. I was so happy to have another sister. I will be missing you until we meet again. Love you Sis.
