At home resting with Jesus, no heartaches, no troubles, and pain free. I feel sure we'll see you soon Larry. Gone but not forgotten. Hugs and kisses until we meet again.

“ Dad as I set && watched you suffer yet holding on to life harder then ever. You wanted nothing more then to live && watch your grand babies grow. Since you've left I've lost everything that ever meant something to me. I have nobody out here to help motivate me. Our family is slowly falling apart more and more each day. You was our glue that kept up together. Each day I suffer w o you jus seems to get harder and harder I can't seem to take much more. It only gets closer and closer too me ending it all I can't do this without you dad. I don't even know how else I can try to talk to you because your gone. So I'm writing you on here hoping you can hear me or read this because I need you the most right now dad.

“ It hurts to think that you are not here anymore. Although I can't help but smile with tears in my eyes to think of how we cherished each and every moment of our lives together when you were alive. I miss you dad.

“ I remember when he used to come home from work and he would go upstairs and watch some TV and when it was time to go to bed we would listen to rock and roll music and then when I would stay the weekend on Friday Saturday and Sunday we would work on car models also I remember the black Camaro that used to sit on his lap and we would drive and we would make doughnuts at the railroad tracks also remember when when it would snow we would go down to the railroad tracks and we would slide down the hill also when we would go rabbit hunting or we will just shoot guns I love him and I miss him a lot and also remember when we go fishing Android three wheelers and four wheelers and the last thing I remember is when we were at we were up here and I was talking to him on the phone and he said I love you John girl well Uncle Larry I love you too and you're my favorite always have been.

“ Riding in his black camero listening to rod stewart and him teaching me how to steer the car. Shooting at cans. Drinking a cold one here and there and his witty personality. He was one of my favorite people for sure. I love you and i will surely miss you until we meet again.
