“ *I am thankful for the Lord bringing Christine into my life, even if it was just for a brief time. She was always at church, always around her family, and always had something to say that would make you smile and laugh. I am most glad that she knew Jesus as her Lord and Savior. My prayers are with the family for comfort and strength in the days to come. God bless each of you. - Priscilla Arneecher*

“Christine and I first met when I was a driver for Seminole Nation back in 2009. She step in the bus that I was driving that was heading towards OAP. She definitely made an impression on me. She was loud and confident. It got your attention. :) She made we laugh. She reminded me so much of my sister, Linda. Sometimes we have to be loud to be notice. Well, let me tell you, I got to know Christine. We spent many times on the bus. We talked and got to know one another.

Even after my leaving Seminole Nation, Christine and I kept in touch. We share our thoughts and feelings. We laughed and even cry. We needed each other. She even went with me to Dallas one time when my sister was in the hospital. It was very comforting to have her with me.

I have visited Christine in Okmulgee at her home and even at her sister's, Malley's house. Thats where Malley gave me my best pal, Chico. Chico is a constent reminder of Christine and Malley.

I grew to love Christine and everytime I talked to her, I would tell her that I love her. I am grateful that she was with her family. I can see how much they care for one and another. I also appreciate how the family kept in touch with me when Christine was getting close to her time.

She will always be close to my heart. I know she is walking now and still acting up. But she has a good spirit. She's now God's angel and I believe she will still be close by, watching over us.

May the family keep her spirit up in thier hearts and may they find comfort knowing how much she was loved.

She may be gone from this world, but she will not be forgotten. You will always be my friend.
