“ Justin, Charlie and Daniel... I was saddened to learn of your mother's passing... Saddened for you and your family, and the many who will miss her presence here, but at the same time able to rejoice at the thought of the family reunion taking place in heaven. While her season on earth has ended, she has joined the ranks of the cloud of witnesses who cheer you and your children on as you press forward in your earthly journey. The seeds of love that she has deposited along her journey still thrive. I cannot even think of her without a smile on my face and joy and gratitude in my heart for the friendship we shared. Since our first meeting, she has held a special place in my heart that vibrates with the frequency of love. I know that the seeds she has sown in your lives have had a direct influence on the men you have become, the families you now nurture, and generations yet to come. She has most definitely been a gift to the world she has touched, and we have all been blessed by her presence. You are forever connected to her. May the Lord comfort your hearts with His love and grace as you walk through this season.

Love and hugs,
Carla Ray
