“ *Minnie and I would always chuckle when we seen each other because I hired Minnie for her first job with the Creek Nation. She had applied for a secretarial position and on her app she stated she had taken typing in high school. I gave Minnie her first assignment and waited and waited for her to complete it. Time passed and I checked on her only to find her whiting out mistakes she had made in the letter. There were several errors so I ask about her HS classes and she told me she hadn't been very good at it. I proceeded to give her private lessons, but she never really became a good typist. This is my favorite memory of her. I'm so glad that I got to visit with her a lot since I moved back to the Okmulgee area. Guys and girls your mom was a warm caring person that loved visiting with people as I've always enjoyed our friendship through the years.*

“ I had the pleasure of getting to know the Wolfe family through working with Rikki and Kara at Sasakwa school. Their parents were at every game Rikki and Kara coached, and I am sure the same could be said regarding their attendance when they were players. Mrs. Wolfe was always a fine and friendly person and I am sure she will be greatly missed. My Native princesses rest assured that your mama is in a way better place now and free from sickness and pain. Find comfort in the LORD, our Savior. GOD be with yall.
