“ *Daddy,  
It's been over two months and I still find myself crying and missing you. I've always missed you.. I thought this would give me closure on our relationship, but it feels like it always did. Simply a very painful loss. Something to hard to understand. To many why's. I guess I cry because the truth remains that I love you, your my dad. I'm sooo much like you it's crazy.. wish we had more time... Hoping your finally at peace with things..Hoping you been hearing the things I've been telling you, and know in my heart that I understand things a lot better than you ever knew. I love you. I'm crying.. Be happy...##imported-begin##Honey##imported-end##*
