“ Things would have been so much different if we stayed clean when we were kids. I don't blame the Women I was with for not wanting to have anything to do with me because I couldn't stay clean and do the math of managing my own money so as a couple we were spending less than we were making. At this point being 14 years into Michelle and My marriage I am so close to being off of everything. I don't drink. I haven't smoked one thing in 8 years. Because of how I am now debt isn't going to get me. The life we were all setting up for one another we were uninsurable and we were going to be broke forever. I am back in school for drums. I tried Berklee for a while. I am getting more out of learning with Jeff at Zomac School Of Music. If you were alive when Methodose gets back to gigging ongoing you are the only person I grew up with where I feel like you were mature enough to do work that meant something. If you were alive and Methodose played tours internationally because a record company like Virgin funded us to do it. I would want you to learn how to be my drum tech and do it clean as a whistle.

In the event of a divorce there will be a replacement but the third time your debt will be really hard to fix.

“ Quinton you are missed by so many friends and family you was such a kind gentle person. I never once seen you show any type of anger towards another human being..you was the one that would help lift someone up after being down. When our friend Josh past away of a tragic vehicle accident you stayed up the night before the funeral to make bracelets for all of Josh's friends and family with his name on them to help them threw that difficult time. I know there had to be more than 50 bracelets because you wanted to make sure everyone received one. It was a very thoughtful of you to do that but that's just who you were. I remember getting into car accident in Sapulpai and You just happened to be driving by and you stopped and help us and made sure We were all OK..luckily we all were fine but you still stayed with us until We were able to leave...thanks for being a great friend you truly will be missed by so many..rest in peace Quinton.. Until We meet again..
