“ *I got to know Richard one day when he stopped by our radio tower near his home.*

Richard shook my hand and asked if I ever needed anything he was available.

Not long after that I asked him to maintain our radio site property and he did so with a very professional job.

He always keep the site looking pretty.

I will miss him and his wonderful sense of humor.

We all at the Oasis Radio Network pray for peace for all of Richards family and friends.

I knew Richard through two of his passions, horses and reflexology. He was an incredible lover of horses and bred them and trained them well. He helped me and many of my friends with his extraordinary "body work". He always said (with good humor) my broken body was a "life work". I somehow thought he would beat this thing and live for many more years. I am so very sad to loose a good friend and fellow rider. May you gallop across the heavenly skies Rich!
