“ I am certain it was Sally and Delberth Belcher. She arrived with her husband, and together they were great servants of God. They came to Hermosillo around 1982 and remained there until about 1984 or 1985. They started a mission in my home, which over time grew into a church. I cherish the best memories of them—their faith, their dedication, and the warmth with which they shared their lives with all of us.

“ My grandfather, Roy Walker, helped them plant the church in Mexico. He passed away about 10 years ago and he loved them very much. I am a missionary now in part due to my grandfather and their's passion for Jesus and missions. <3

“ It is with a heavy heart that we send our condolences to the Belcher family. We first met Delbert and Sallie when they first came to Calexico Ca, as they were missionaries in Mexico. I have fond memories of the two of them and they're son Del, especially Sunday dinner's at their home after Sunday School, Sally was the BEST cook. My mother and I spent many Sundays in their home and am grateful for the memories. They're together in Heaven now, and that makes me smile. All my love, Liz Gonzales and family (Brawley, CA)

“ *Sally and Ruby had a close relationship. In 1943 both contracted polio. They along with their brother Leroy were in the hospital together. Leroy sadly did not survive. Ruby wrote this letter to their parents. I will miss Sally. She was and still is a Godly woman.*
