“ *My dear little Sister. I am sitting here thinking that I need to text you or call you just to talk. My heart aches just thinking about you not being here ever again. I am glad that I was able to spend everyday of the last three months of your life with you at the hospitals. I laugh thinking about Rose going back and forth to the cafeteria to get you a Pepsi and you telling Lois and Sheila that Rose was the only one who could scratch your back. Then there was Tammie eating all of your food. We all had such good times together. I love you and miss you, Sis, but I know you are now safe in Jesus' hands. Save a place for me.*

Love, Kaye

I love you so much. I remember I spent a lot of time at your house with Jason and 2. We had good times and you always had our best interest in your heart. I know you're not in pain and that you're perfect in heaven. Until we meet again rest in heaven.

“ My prayers and deepest condolences for the family of my friend. Sandra and I were best friends from Elementary to High School. She and I would laugh and joke about her being the oldest out of some of our class mates because her birthday is January1. We discussed so many things about each other and our families. I will miss my childhood friend. Rest in Peace Sandra. I Love You.
