“ *Girl where do I start, I'm gonna to really miss u and ur contagious laugh. U have a way of making the room light up when u walk in with that smile. I'm so happy for our time together this past year. Hate that the last 3 mts. We're hard on us both. But even so our talks were deeper than usual and we cried only for a little while, then we warriored up, and we Talked for awhile about ur wants and wishes and I remember everything so don't worry I got this. I'm going to be the best I can for her and do what u asked me to do for them both. I love u and I will be seeing you soon 🥰💋❤️.*

“ *U will always be my angel..... I miss the times we just hung out without no worries or problems we always took care of family, u taught me the meaning of family...we stuck together. U always say Tee keep your head up there's always going to be a better day, u kept it together knowing u were only being strong while everyone else gave up.... That smiling face when u woke up in the morning getting ready for work, poking your head around the door saying come on Tee I can't be late for work.....all the long talks we all had on my king size bed drinking and u me and Patrick would all pass out one by one... U was a friend I never had. U told me like it was and not what you think I wanted to hear...u will truly be missed.....until we meet again.*

“ We had the best times as kids in the old neighborhood we didn't get into too much trouble but boy when we got in trouble it was worth it anytime day or night we were always welcome in each other's homes we could just walk right in the door no need to knock go straight to the fridge or go crash in each other's bed we had so much fun at mr. Dee's Bar from the age of like six or seven we were free to walk in grab a Coke hang out at the bar play pool play the Jukebox it was such a fun childhood with you, Chena. You will always be cherished and missed. With all my love and respect I keep your family and multitude of friends in my prayers. Love, Chelle

“ Sending all my love & prayers to Chena’s family. Lucinda & Russell, Janet, Jesse, Brian, Phillip & most of all to her children Patrick, Mitchell & Saydee. You too Buck, I’m sure you loved her with your whole heart ❤️ God bless you all, may he comfort you today & in the days to come. Find comfort in knowing she is with her baby boys now.  
My friend, I wish I could’ve seen you again & reminisced over the good times & all of our wild times as well. You will never be forgotten 💕 love you 💕
